FACTORY LIST OVERVIEW

Our focus on inclusivity and well-being is embedded in how we operate as a business and engage with our stakeholders. We want our products to be made by workers whose safety and human rights are respected, which is why transparency is so important to us.

Our priority so far has been to assess business practices across our supply chain, aligning compliance to international and localised best practice. By contributing data to the Open Supply Hub, we want to ensure accountability across our supply chain and improve facility transparency to the industry.

As we look to increase visibility across our tiers, we will continue to align and improve the standards N Brown has set.

KEY INFORMATION:

- ☐ This list represents both Tier 1 of our supply chain which is fully mapped and Tier 2 which is partially mapped
- ☐ This list is refreshed every 6 months to ensure data is accurate
- ☐ These factories represent 100% of N Brown's own brand product
- ☐ N Brown source from **289** Tier 1 factories over **14 countries**
- ☐ Our biggest sourcing territories include **Bangladesh, China & India**
- ☐ There are approximately **80,000 workers in our Tier 1 supply chain.**

Suppliers

They are the contracted party to whom N Brown conducts direct business. They are responsible for receiving orders and ensuring responsibilities on behalf of the manufacturer. Examples of this can include the delivery of products or compliance.

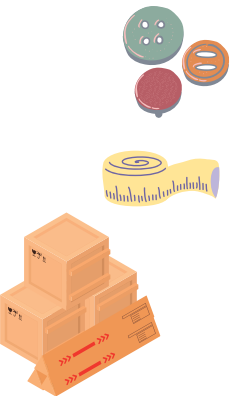

Tier 1

These are the factories as declared by our suppliers. They are where the supply contract is signed and where N Browns' production takes place.

The facility is either owned or contracted by the Supplier. First authorised sub-contractor can also fall underneath this tier.

You can view our Tier 1 suppliers in our [Factory List](#) or view them on the [Open Supply Hub](#).

Tier 2

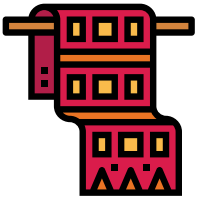

These are facilities that are a subcontractor of a Tier 1 factory and are processes and services that are integrated with the final product. Categories are split based on the facility and components:

- Manufacturer / Processor e.g., embroidery, printing, or laundry unit
- Components & Trims e.g., buttons, zips, tapes
- Labels & Packaging e.g., care labels, boxes, bags

These are segmented into:

Priority - Carries brand name, labels, logo, identifications etc.

Regular - Does not carry a brand name, labels, logo, identifications etc

Tier 3

They are the suppliers for tier 1 and 2 products/ services. This includes the following processes:

- Fabric/ Material Processing e.g., Spinning, Knitting, Weaving
- Wet Processes e.g., Dyeing, Bleaching

Tier 4

These are the processed raw materials ready to use for tier 2 or 3 manufacturing. This includes materials used for tier 2 or 3 production.

- Raw Material for processing e.g., Fibre/ filament spinning, Ginners
- Materials used e.g., Chemical components, Processing materials

Tier 5

They are the producers of raw materials from natural resources. They are typically gathered through developed and scaled farming processes.

- Agriculture extraction e.g., Cotton farms, Tree plantations
- Protein based extraction e.g., Animal farm
- Other raw material extraction e.g., Raw material extraction/ mining
